

Bonded Splices

Item Number	Description
XR-1000-SPLC-BD	Kit, XR1000 Bonded Splice
XR-100-SPLC-BD	Kit, XR100 Bonded Splice
XR-10-SPLC-BD	Kit, XR10 Bonded Splice

Multiple sections of XR Rails can easily be spliced and bonded together with our bonded splices. The internal splice bars do not interfere with clamping or mounting locations, and offer a seamless appearance. XR Rail Splices are made with extruded 6000 series aluminum. 12-14 x 5/8" self-drilling screws are included.
